SKIN PERFUSION

AESTHETIC PROFESSIONAL SKINCARE

EXCLUSIVE FOR AESTHETIC PHYSICIANS

HIGH PERFORMANCE SOLUTIONS

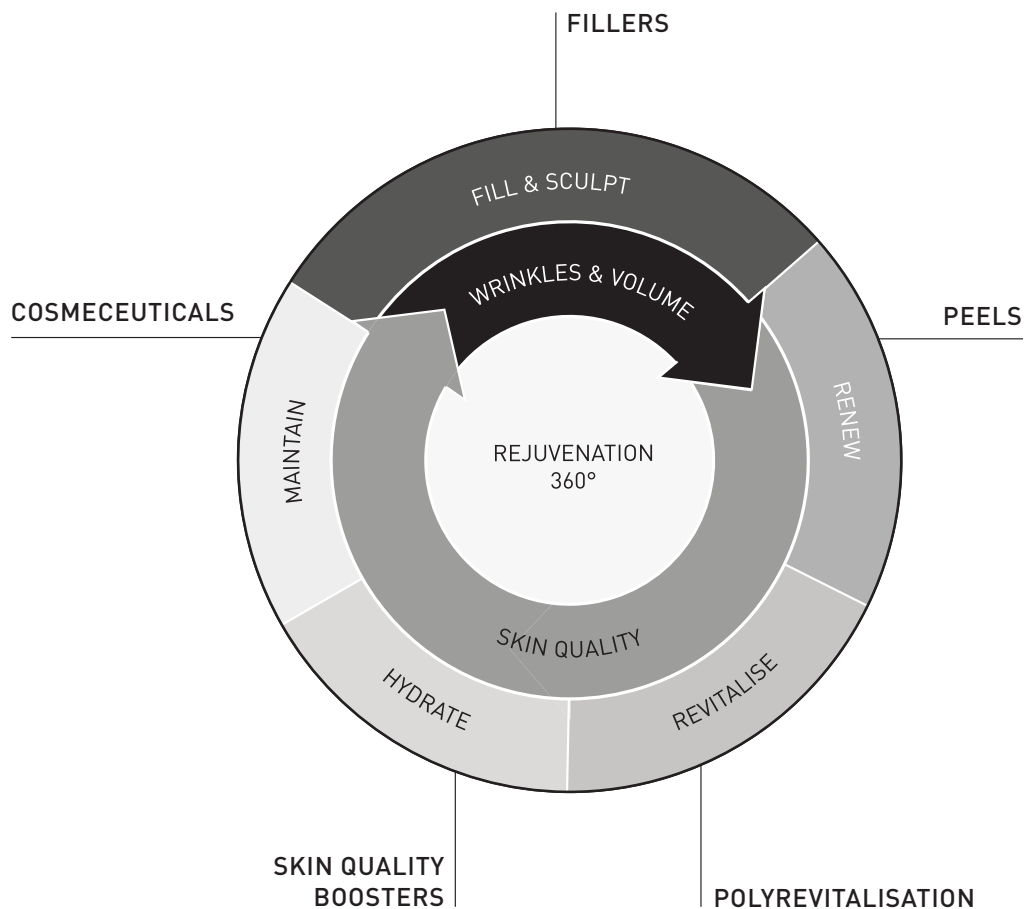

Formulated with high-grade ingredients in optimal concentrations, SKIN PERFUSION products are based on the Mix'n Match principle to achieve the best visible results on skin appearance and to best fit the needs of each skin through tailor-made prescriptions.

COMPLEMENT COSMETIC PROCEDURES

Developed by a French laboratory leading in cosmetic medicine and skin quality, SKIN PERFUSION is an innovative cosmeceutical range especially designed to maintain and enhance the results of cosmetic procedures.

HOLISTIC APPROACH OF SKIN QUALITY

Combining in-office and home treatments, SKIN PERFUSION allows a holistic treatment of ageing skin. The specific protocols combine superficial peels, micro-needling and professional skincare to address the concerns of ageing skin: **hydration – radiance – wrinkles – firmness – blemishes**

[2] Clinical study on 15 subjects from 44.9 ± 10.7 years old during 3 weeks. 1 single application at night every 2 days during the first week and 1 single application at night during 2 weeks. Patients' self assessment at 3 weeks. [3] Instrumental study on 15 subjects. Score obtained on the cheek area and eye contour after 3 weeks. [4] Clinical study on 15 subjects from 40.9 ± 1.6 years old during 3 weeks. 1 single application at night for 3 weeks. Patients' self assessment at 3 weeks.

CRYOLED

EXCLUSIVE PROFESSIONAL DEVICE TO BOOST THE EFFICACY OF SKIN PERFUSION PRODUCTS*

CRYO MODE

METHOD OF ACTION

- Creates stabilised constant electronic cold by a thermo-electric effect.
- Causes a rapid succession of vasoconstrictions and vasodilatations to promote penetration of ingredients.
- Allows a rapid fall of all temperature down to -18°C (64°F).

RESULTS

Lines are relaxed, fatigue marks are erased and the microrelief is smoothed out. Radiant complexion.

LED MODE

METHOD OF ACTION

- Sends light waves to the heart of the skin
- 4 light colours that penetrate the skin differently and act on specific skin problems:
Yellow/Red: wrinkles, firmness
Green: brown spots, brightness
Blue: blemishes.

RESULTS

Skin is more energetic, collagen and elastin synthesis is boosted and the supporting tissue is reorganised.

4 SPECIFIC SERUMS TO BE USED WITH CRYOLED DEVICE

CRYO MODE

TIME CRYO-SERUM - Wrinkles
LIFT CRYO-SERUM - Firmness
LIGHT CRYO-SERUM - Radiance
HYDRA CRYO-SERUM - Hydration
